ALL OF YOU**

SESSION : 2026-27

Magazine

Why KBC

1. KBC is a key having a large, exclusive talent pool for the future seeking out, identify young geniuses and providing them with a unique competitive platform where they can prove themselves.
2. Instill a feeling of belonging to National and Global Science, Mathematics, English Grammar, General Knowledge & Mental Ability.
3. Infuse a healthy competitive spirit through reward based on Olympiad.
 - Name & Fame all over India
 - Certificate of Participation
 - Student's login ID
 - Gold/Silver/Bronze Medal
 - Cash Prizes
 - Surprise Gifts Hamper
 - Family Tour
4. To develop better competition spirit in the students.
5. KBC believes to impart something extra ordinary to society.
6. KBC is one of the best olympiad conducting organization in India.....

"The quality of a school is always in direct proportion to the quality of its teachers."

Introduction

Life without better grades is like a life on a desert island. The importance of school education can not be undermined. It acts as a pillar in building foundation of students. However, just as a spoonful of Chyawanprash is taken with milk to boost energy levels, similarly examination system of KBC FOUNDATION will supplement school education and will uplift the confidence of children to face the future challenges.

The World is changing so we must change with it. KBC exams have become the need of the hour today. These types of exams are fast becoming an integral part of many schools.

As mentioned earlier, we make efforts to continually reinvent and reengineer our modus operandi. We will not focus on the handful of genius students, but our focus will be on learning and development of all the students.

Through our educational services and educational assessments, we will track the relative progress of students on a national level by conducting and documenting national level examinations. Every student wants to know his / her standing in relation to the rest of the hundreds of students across the country. For the purpose of comparing intense merit of the students - a more effective system called percentile procedure will be adopted. It is ranking of students on exam merits. For instance, if a student secures a percentile score of 60, it indicates that 59% students are behind him and 40% students to explore their strengths and weakness.

For the sake of maintaining morale of our students, we will not disclose the name of the student whose overall scores are in the bottom 30 percent. They will be categorized under Rank not Disclosed (RND).

However, we are considering our modus operandi in case of 3 successive RND. If a student falls in the same category thrice, then we may organize counseling session for them and would warn him / her.

Furthermore, we will empower students with innovative educational techniques and practices. Besides innovation we will comprehensively document the progress of each student. Our feedback mentors are equipped with the necessary skills to identify loopholes and fill them

Vision

- 1. To be a leader in promoting value education and continually reinventing and reengineering our pedagogy.**
- 2. To achieve the highest level of excellence for students in every walk of life and make the students global citizens rooted in indian culture.**
- 3. Communities should be able to sustain high quality education for their future generations.**
- 4. To develop the intelligence level of the students all over India.**
- 5. To develop self confidence and skill in the students.**
- 6. To build a well educated and skillful nation.**
- 7. Use and apply the scientific methods with meaning.**

" The best brains of the nation may be found on the last branches of the classroom."

Late former Indian President APJ Abdul Kalam

Mission

1. To inspire students to accept challenges and enhance their own performance.
2. To develop the total personality of a student and pave the way for an educational system seeking to produce a complete citizen and a complete human being.
3. To reach KBC at every school in India.
4. To motivate the students for their name and fame.
5. To develop the best knowledge about Maths, Science, English Grammar, GK and Mental Ability to the students.
6. To develop habits of curiosity, mental flexibility and self discipline in the students.
7. To increase the ability of applying scientific knowledge.
8. To enable the students to see the interrelatedness of the science.

" Our Education is not about learning facts but the training of the mind to score."

Albert Einstein

Director Message

I am glad to introduce this personalized and innovative learning solution that will supplement the educational activities carried in schools for increasing and determining educational quotient. We have designed our methodology keeping in view psychological principles of learning.

Furthermore, we have a team of working professionals with strong academic credentials. In the present era good is not good enough. The saying 'Slow and steady wins a race' has been substituted by 'fast and steady wins a battle'. We are living in Smart Era----Smart Cities, Smart Health, Smart Housing, Smart Traffic Solution. Similarly when it comes to education, it is the Smart Education system. Our prime focus is student centered holistic learning. We will follow personalized approach by which we mean to say that we will keep personalized database of each student tracking their performance.

I hail from education field and possess experience of 21 years in education and administration. The valuable experience I have gained and initiative I undertook during my tenure have yielded me rich dividends. However, the warmth of respect and affection I got from parents of my student is my real asset that keeps my spirit high when I start my day.

Together we can make a real difference.

**Mr. Sandeep Sharma
(Director)**
